WOODBINE MUNICIPAL AIRPORT TO RECEIVE BIDS FOR PREVENTIVE MAINTENANCE PROJECT

Woodbine—Mayor William Pikolycky is pleased to announce that the Woodbine Municipal Port Authority will receive bids for Apron & Taxiway Crack repair—Phase II on January 18, 2012, at 11 a.m. at the Woodbine Municipal Services Building.

The project is for construction work to repair cracks and isolated areas of pavement heaving for Taxiway A and B. Work will involve pavement crack repair, airfield pavement markings with reflective media, as well as patching of pavement where necessary.

It is funded by a \$75,000 New Jersey Department of Transportation grant.

“Doing this work will help prevent the taxiways from further deterioration and extend its longevity,” added Mayor Pikolycky. “at the same time maintaining the safety of our pilots and their aircraft.”
